Equal opportunity to participate in and benefit from programs of the Missouri Department of Conservation is available to all individuals without regard to their race, color, national origin, sex, age or disability. Questions should be directed to the Department of Conservation, P.O. Box 180, Jefferson City, MO 65102, 573-751-4115 (voice) or 800-735-2966 (TTY), or to the U.S. Fish and Wildlife Service Division of Federal Assistance, 4401 N. Fairfax Drive, Mail Stop: MBSP-4020, Arlington, VA 22203.

Regional office staff are ready to answer your questions and provide you with information about the resources, programs and opportunities in your part of Missouri.

What's new for 2011?

- ▶ The antler point restriction now applies to rural parts of Platte County. See Page 4.
- ▶ Unlimited archery antlerless permits are now available for Bollinger, Madison and Wayne counties. See Page 9.
- ▶ The Kansas City and Columbia/Jefferson City urban zone boundaries have changed. See Page 12.
- ▶ To avoid conflicting with Halloween, the early youth portion of the firearms deer hunting season has been moved back a week to Nov. 5–6. See Page 15.
- ▶ New managed deer hunts have been added and several others have been modified. See pages 16–20.
- ▶ The Conservation Department's e-Permits System will let hunters buy their permits online, print them at home, and have them in hand immediately. See Page 26.
- ▶ Deer and turkey permits will have months printed along one edge and dates along another. Immediately after harvest, hunters must void their permit by notching the month and day they shot their deer or turkey. See Page 27.
- ▶ Deer and turkey permits will no longer include a removable transportation tag. Instead, the permit itself will be the transportation tag. See Page 27.
- ▶ Deer and/or turkey hunting regulations have changed for St. Stanislaus, Duck Creek and Little River conservation areas. See pages 36–44.

First deer or turkey awards

It's hard to beat the excitement of taking your first deer or turkey. To help you commemorate this major milestone, the Conservation Department has created special online certificates for kids and adults. Use them to record details about the big event, then print them out at home or send them to a print shop for professional printing. Download the certificates at mdc.mo.gov/node/10469.

Deer Harvest: Inside the Numbers

NOPPADOL PAOTHONG

A look at several details of the 2010 deer season provides some interesting—and perhaps surprising—results.

In 2010, the Conservation Department issued archery deer and turkey permits to 177,061 people. Firearms deer hunting permits were issued to 487,533 people. Factoring in hunters who bought both archery and firearms deer hunting permits leads to a total of 507,068 individuals who received some type of deer hunting permit.

During the past deer season, eighteen percent of archery hunters harvested one deer, 3 percent harvested two, and 1 percent harvested three or more. Firearms hunters had a higher success rate with 36 percent harvesting at least one deer, 6 percent harvesting two, and 2 percent harvesting three or more. Of the 507,068 individuals with a deer hunting permit, 38 percent harvested at least one deer, 7 percent harvested two deer, and 3 percent harvested three or more deer.

Buck harvest is always a topic of great interest to Missouri hunters. Missouri has a three-buck limit, meaning that hunters may harvest two bucks on archery permits and one buck on a firearms permit. In 2010, 19 percent of deer hunters harvested a buck. Fewer than 4,500 harvested two bucks, and only 194 harvested three bucks.

Doe harvest, however, is the real key to managing deer numbers. As we reach our management goals of stabilizing or reducing deer numbers in many parts of rural Missouri,

some changes to the availability of antlerless permits may be necessary. The pattern of antlerless permit use is extremely informative in predicting how antlerless harvest might change with reduced permit availability. Unlimited archery and firearms antlerless permits are available to hunters in a number of Missouri counties. Despite the unlimited availability of antlerless permits only 1 percent of archery hunters and 2 percent of firearms hunters harvest three or more deer. Of the 9,270 individuals harvesting deer on archery antlerless permits, 93 percent harvested two or fewer antlerless deer. Of the 65,026 individuals harvesting deer on firearms antlerless permits, 95 percent harvested two or fewer antlerless deer.

Hunter densities and harvest patterns vary from county to county. Yet, if we take a broad-scale look at the harvest impacts of reducing antlerless permits from unlimited to one, we would predict a 10–15 percent decrease in total antlerless harvest. If we went from unlimited antlerless to two antlerless permits, we might expect a 5–8 percent decrease in total antlerless harvest. As we continue to investigate ways for managing deer numbers, an additional category of antlerless permits could provide a finer degree of control than what is currently provided by no, one, or unlimited antlerless permits.

Don't hunt over bait

Deer and turkeys may not be hunted with the aid of bait. If you put out food for deer or turkeys in an area you intend to hunt, be sure to mark your calendars with a date to remove all food. See below for guidelines on baiting.

- ▶ Use of bait while hunting—which includes grain or other feed placed or scattered so as to attract deer or turkeys—is illegal.
- ▶ An area is considered baited for 10 days, even after complete removal of the bait.
- ▶ A hunter can be in violation even if he or she did not know an area was or is baited.
- ▶ It is illegal to place bait in a way that causes others to be in violation of the baiting rule.
- ▶ Doe urine and other scents such as apple, acorn and persimmon may be used to attract deer while hunting, as long as the scents are not used on or with grain and other food products.
- ▶ Mineral blocks, including salt, are not considered bait, however, mineral blocks that contain grain or other food additives are prohibited.

- ▶ It is legal to hunt over a harvested crop field, but it is not legal to add grain or other crops such as apples to the field after it has been harvested.
- ▶ Manipulating crops, such as mowing or knocking them down, is not considered baiting for deer and turkeys; however, it is illegal to hunt waterfowl over manipulated crops.

Feral hog regulations for firearms deer and turkey hunting seasons

Feral hogs may be taken in any number throughout the year. During most of the year, no permit is required and any method, including baiting and the use of dogs, is allowed. However, special restrictions apply during the fall firearms deer and turkey hunting seasons.

During all portions of the fall firearms deer season:

- ▶ you must possess a valid, unfilled firearms deer or small game hunting permit;
- ▶ you must abide by the methods of pursuit allowed for deer listed on Page 11;
- ▶ you must abide by any other restrictions that may apply on specific public areas.

During the **November portion** statewide and the **antlerless portion** in open areas:

- ▶ if you have a deer permit you may only use methods allowed for deer;
- ▶ if you have a small game permit you may only use a .22 caliber or smaller rimfire cartridge or a shotgun with shot not larger than No. 4;
- ▶ you may not use dogs to pursue feral hogs during these portions of the firearms deer season.

During the **youth** and **muzzleloader portions** statewide, and the **urban zones portion** in open areas:

- ▶ if you have a deer permit you may use methods allowed for deer;
- ▶ if you have a small game permit you may use methods allowed for small game.

During the fall firearms turkey hunting season:

- ▶ if you are hunting on a Fall Firearms Turkey Hunting Permit, you may only use methods allowed for turkey.
- ▶ if you are hunting on a small game hunting permit, you may use methods allowed for small game.

Note: Resident landowners and lessees on their land are not required to have any permit, and they may use any method or means to take feral hogs throughout the year, including during all portions of the firearms deer and turkey hunting seasons.

- ▶ Report sightings by calling 573-522-4115, ext. 3147.
- ▶ For more information, go to: **mdc.mo.gov/7849**.

Antler-Point Restriction in Selected Areas

In the following areas shown in orange on the map below, only bucks that have at least four antler points on one side of their rack may be taken during the archery and firearms deer hunting seasons (except the youth portions):

- Counties of Adair, Andrew, Atchison, Audrain, Barton, Bates, Benton, Boone, Buchanan, Caldwell, Callaway, Camden, Carroll, Cedar, Chariton, Clark, Clinton, Cole, Cooper, Daviess, DeKalb, Gasconade, Gentry, Grundy, Harrison, Henry, Hickory, Holt, Howard, Johnson, Knox, Lafayette, Lewis, Lincoln, Linn, Livingston, Macon, Maries, Marion, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Nodaway, Osage, Pettis, Phelps, Pike, Pulaski, Putnam, Ralls, Randolph, Ray, Saline, Schuyler, Scotland, Shelby, St. Clair, Ste. Genevieve, Sullivan, Vernon, Warren and Worth
- Portions of Cass, Franklin, Jefferson and Platte counties NOT included in the urban zones. See description of boundaries on pages 12–13.

How to count points

In areas shown in orange on the map to the left, an antlered deer must have at least four points on one side to be taken. Each of the following counts as a point:

- an antler point, if it is at least 1-inch long
- the brow tine, if it is at least 1-inch long
- the end of the main beam
- any broken tine that is at least 1-inch long.

Tines, main beams and brow tines all count as a point if they are at least 1-inch long. A buck with the seven-point rack above with three points on one side (labeled in black) and four on the other (labeled in orange) is a legal deer in the areas shown in orange on the map to the left. **Note:** If you harvest a buck that has shed its antlers or broken the antlers off less than 3 inches from their base, record the harvest on Telecheck as an antlered buck with 0 points.

Hunting tips for areas with antler-point restriction

Bring binoculars and give yourself plenty of time to count antler points before you take a shot. Wait for a buck that has at least four points on one side.

Successful hunters wait for the best shot—when the deer turns broadside. Learn to recognize antlers from this view to minimize errors in the field.

Don't be fooled by size. The buck on the left has a large rack; but it has only three points on each side, just like the one on the right. Both of these deer are illegal under the four-point restriction.

Legal to take

Does, button bucks and bucks with spikes less than 3 inches are legal to take on Antlerless or Any-Deer Permits; but for deer management, it is better to take does.

All does

Button bucks

Bucks with spikes less than 3 inches long

Protected

spikes 3 inches or more

Protected deer include all antlered deer (defined as having at least one antler 3 inches or longer) that do not have a minimum of at least four points on one side.

Bucks with at least four points on one side

A legal buck must have a minimum of four points on one side, regardless of the number of points on the other side, like the seven-point buck above.

Letting these younger males mature will increase the number of adult bucks in the future.

General Regulations for All Deer and Turkey Hunters

Deer and turkeys may be pursued, taken, killed, possessed or transported only as outlined in this booklet.

Firearms safety

Firearms safety is the first responsibility of every hunter. All hunters must be familiar with and follow the rules of safe firearms handling.

Hunter-orange requirements

The following persons are required to wear a cap or hat and also a shirt, vest or coat of hunter orange so that the color is plainly visible from all sides. Camouflage orange does not satisfy this requirement.

- firearms deer hunters during all portions of the firearms deer season
- adults accompanying youths hunting deer on a firearms deer hunting permit
- archery hunters during the youth portions statewide and during the urban zones and antlerless portions in open areas
- all hunters (except migratory bird hunters) during the urban zones, youth, November and antlerless portions in open areas. **Note:** Fall firearms turkey hunters must wear hunter orange in some areas Oct. 7–10 (see Page 12).

The following deer hunters are exempt from the hunter-orange requirement:

- hunters using archery methods within municipal boundaries where discharge of firearms is prohibited
- archery permittees hunting during the muzzleloader portion of the firearms deer season
- hunters on federal or state public hunting areas where deer hunting is by archery methods only. Hunter-orange, however, is recommended for archery hunters who are hunting close to areas open to firearms methods.

Note: Safety conscious hunters display hunter-orange even when it isn't required. Here are some examples:

- when walking to and from a turkey hunt, especially when carrying harvested game
- when hunting inside a camouflage blind, put hunter orange on all sides of the blind
- when hunting close to areas where firearms hunting is allowed

Beware: When using a camouflage blind, other hunters cannot see you even if you are legally wearing hunter orange. To be safe, tie hunter orange on each side of the blind so it can be seen from all sides.

Definitions

Deer: White-tailed deer and mule deer.

Antlered Deer: A deer with at least one antler a minimum of 3 inches long, except that special restrictions apply in 69 counties. See Page 4.

Take: To hunt, pursue, wound, capture or kill any wildlife in any manner. Also includes acts of assistance to other persons attempting to take wildlife.

Taker: A person who takes or attempts to take wildlife.

Resident: A person who does not claim resident privileges in another state or country, and whose actual and legal residence are both in Missouri and have been for at least the last 30 days.

Methods prohibited

- Deer and turkeys may not be taken with the use of dogs, bait, electronic calls, electronically activated calls or live decoys. Scents and minerals, including salt, are not considered bait; however, mineral blocks with food additives are prohibited. An area is considered baited for 10 days even after complete removal of the bait. It is illegal to place bait in a way that causes others to be in violation of the baiting rule.
- Deer may not be hunted, pursued or taken within any area enclosed by a fence greater than 7 feet in height, except in licensed hunting preserves.
- Deer and turkeys may not be pursued or taken from or with the aid of a motor-driven vehicle. Deer may not be taken while they are in a stream or other body of water, or from any boat with a motor attached.

Antlered deer limit

- Each hunter may take only one antlered deer during the firearms deer season. This includes all portions, including the two youth portions.
- If you want to take additional antlered deer, you must hunt on an archer's hunting permit during the archery deer season or in a managed hunt where antlered deer can be taken.

Hunter-education requirement

All hunters born on or after Jan. 1, 1967, must complete an approved hunter-education program and display their card before they can purchase a firearms deer or turkey hunting permit unless:

- they first purchase an Apprentice Hunter Authorization. See Page 44 for requirements.
- they are ages 6–15 and will be hunting with a qualified mentor. See Page 22.

Hunters who are hunter-education certified do not have to show their card if certification can be verified through the

Tree-stand safety

There are many reasons for using elevated tree stands. They offer a better vantage point, a larger field of view and an earlier view of game. However, they also are a major cause of accidents during the deer hunting seasons.

The National Bowhunter Education Foundation recommends the following safety tips to reduce the risk of hunting from elevated tree stands:

- ▶ Practice with your stand at ground level, gradually going higher. Several Conservation Department shooting ranges and outdoor education centers have practice poles for free public use.
- ▶ Know the proper procedure for securing the stand to a tree and how to use the stand properly.
- ▶ Read the manufacturer's warnings and instructions before each season.
- ▶ Use only stands that meet standards of the Treestand Manufacturer's Association (TMA) rated for your weight and all gear or equipment you wear or have with you on the stand.
- ▶ Always use a fall arrest system that meets TMA standards, which includes a full-body harness rated for your weight and any gear you wear or attach to yourself.
- ▶ Have your fall arrest system attached to the tree from the moment you leave the ground, throughout the hunt and when you descend to the ground.
- ▶ Always position yourself so that you step down onto your tree stand to test its stability.
- ▶ Always use a haul line to raise and lower your gear, including unloaded firearms, bows and arrows.

For more details on tree-stand safety from the National Bowhunter Education Foundation, go to www.nbef.org.

permit vendor's computer terminal. Most hunters using the e-Permits System will have their hunter-education certification verified online. Those who are not in the Conservation Department's permit database will be alerted by the e-Permits System to mail, fax or email a copy of the front and back of their hunter-education card to the Conservation Department. After this information is verified and the hunter's record is updated in the database, the hunter will not be required to submit his or her hunter-education card for an e-Permit again.

A person must be at least 11 years old to receive hunter-education certification. People hunting with resident landowner permits are exempt from the hunter-education requirement unless they were born on or after Jan. 1, 1967, and are mentoring a firearms hunter who is not hunter-education certified.

Is your firewood harboring a killer?

Insects and diseases can hitchhike in YOUR firewood.

Don't give bad bugs a ride!

- ▶ Leave firewood at home.
- ▶ Get firewood at your destination.
- ▶ Burn all the firewood you have at your campsite.

Alert! It is illegal to remove hardwood firewood from Wayne County due to the presence of the emerald ash borer, a firewood-hitchhiking beetle.

For more information, go to mdc.mo.gov/firewood. Thanks for protecting Missouri's beautiful forests!

Assisting other deer and turkey hunters

A person must have a filled or unfilled turkey hunting permit to call turkeys for another hunter. Also, a person must have a filled or unfilled deer hunting permit to assist others in pursuing or taking deer, which includes participating in deer drives or enticing deer with calls or rattling antlers. It is illegal to shoot or take a deer or turkey for another hunter. **Note:** Party hunting where hunters pool their tags is prohibited.

Purple paint law

Landowners may post or define the boundaries of their property by marking trees and fence posts with purple paint. In a court of law, a property boundary marked with purple paint is the same as posting "No Trespassing" signs.

Tree stands placed on Conservation Department areas

Only portable tree stands may be placed or used only between Sept. 1 and Jan. 31 on Conservation Department areas. Unattended stands must be plainly labeled on durable material with the full name and address, or Conservation I.D. number of the owner and be removed from the area before Feb. 1. Use of nails, screw-in steps or any material that would damage the tree is prohibited.

Retrieval of game

Anyone who kills or injures a deer or turkey must make a reasonable effort to retrieve and include the animal in his or her season limit, but this does not authorize trespass. It is a violation to wantonly leave or abandon commonly edible portions of game.

General Regulations (*continued*)

Use of dogs to recover legally taken game

A hunter can use leashed dogs to track and recover mortally wounded deer or turkeys, provided the hunter: (1) has exhausted other reasonable means of finding the animal, (2) contacts a conservation agent, (3) does not possess firearms or bows during dog-tracking activities, and (4) maintains control of the leashed dog at all times.

Note: Use of dogs to recover game does not authorize trespass.

Keep deer carcasses out of streams and lakes

It is illegal to place a deer carcass or any of its parts into any well, spring, brook, branch, creek, stream, pond or lake.

Labeling game

All harvested deer and turkeys, either whole or processed, must be labeled with the taker's full name, address and Telecheck confirmation number.

Giving away deer and turkeys

A hunter who takes a deer or turkey may give it to another person, but the game counts toward the taker's bag limit. Deer and turkeys that are given away must be labeled with the taker's full name, address, Telecheck confirmation number, species and the date taken.

Possession, storage and sale

Properly checked deer and turkeys may be possessed by anyone if labeled with the taker's full name, address, Telecheck confirmation number, species and the date taken. The Telecheck confirmation number must remain attached to the carcass until a processor begins the act of processing the meat for packaging.

Deer left at commercial processing or cold storage plants must be claimed by May 1 following the season taken or the owner will be in violation of Rule 3 CSR 10-4.140.

Turkeys may not be possessed after Feb. 15 following the season taken.

Legally obtained turkey bones and feathers, and deer heads, antlers, hides and feet may be sold by the taker, but the taker must provide a bill of sale showing:

- the taker's full name and address,
- the species and number of the parts,
- the full name and address of the buyer.

For deer heads and/or antlers attached to skull plates, a dated bill of sale identifying the seller must be retained while the heads or antlers are in the buyer's possession.

Any person who finds a dead deer with antlers still attached to the skull plate may take the antlers, but must report the find to a conservation agent within 24 hours to receive authorization to possess the antlers.

No authorization is needed to possess, buy and sell shed antlers not attached to the skull plate.

Shooting dogs is illegal

Although landowners have some recourse if dogs are injuring or killing livestock under Missouri Revised Statutes, Section 273.030, dogs that merely enter private property may not be killed. In fact, Section 578.012 provides penalties for intentionally killing a dog or other animal.

Anyone killing a dog under circumstances other than the narrow ones described above can expose themselves to significant legal difficulty. Those who kill dogs may be forced to pay restitution and/or face criminal charges. Because dogs are considered personal property, dog killings are investigated by local law enforcement authorities, not by conservation agents.

It is illegal for persons to trespass on private property without permission. Ethical hunters who use dogs do their best to keep them off property where dogs are not wanted, and should contact the property owner for permission to retrieve them when their dogs follow game onto such private property. The Conservation Department works with the Sporting Dog Association of Missouri and other groups to encourage legal and ethical hunting activities and to establish good relationships with private landowners.

Hunting other game during the firearms deer hunting season

If you hunt small game during the firearms deer season, you must have a small game permit or exemption. Before taking small game and furbearers, be sure the season is open for that particular animal.

During the November and antlerless portions of the firearms deer season from Nov. 12–22 statewide and Nov. 23–Dec. 4 in open areas (see map on Page 14), other wildlife may be hunted only with a .22 caliber or smaller rim-fire or a shotgun and shot not larger than No. 4. However, this does not apply to waterfowl hunters, trappers, landowners on their own land, or lessees on land they lease and live on.

During daylight hours from Nov. 1–22 statewide and also Nov. 23–Dec. 4 in areas open during the antlerless portion (see map on Page 14), **furbearers** may not be chased, pursued or taken with the aid of dogs.

During daylight hours of the November portion of the firearms deer hunting season from Nov. 12–22, **squirrels and rabbits** may not be chased, pursued or taken with the aid of dogs in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon or Wayne counties.

Special regulations also apply when pursuing feral hogs. See Page 3.

2011–2012 Archery Deer and Turkey Hunting

Season dates

- Sept. 15–Nov. 11
 - Nov. 23, 2011–Jan. 15, 2012
- Open statewide, an antler-point restriction applies in some areas, see map on Page 4.

Shooting hours

One-half hour before sunrise to one-half hour after sunset

Valid permits

- Resident or Nonresident Archer's Hunting Permit
- Resident Landowner Archer's Hunting Permit
- Resident or Nonresident Archery Antlerless Deer Hunting Permit
- Resident Landowner Archery Antlerless Deer Hunting Permit

Season limit

- two turkeys
- using an archer's hunting permit, two deer, which may be of either sex, provided that before Nov. 12, of the deer taken, only one may be antlered
- using antlerless permits, any number of antlerless deer in counties where allowed. See map on the right.

Hunters may purchase and fill any number of Archery Antlerless Deer Hunting Permits during the archery deer season in the counties indicated in orange on the map.

Point to remember

- Archers hunting deer or turkeys during the archery season may not be in possession of a firearm. Some exceptions apply. See Page 31.

Methods allowed

- a longbow, compound bow or recurve bow of any draw weight; hand-held string releasing devices, illuminated sights, scopes and quickpoint sights are allowed

Methods prohibited

- a bow fastened to a stock or other device that maintains the bow in a drawn position
- any sighting device that casts a beam of light on the game
- use of dogs, bait, electronic calls, electronically activated calls or live decoys

Requirements for bringing harvested deer, elk and moose into Missouri

To keep chronic wasting disease from spreading into Missouri, hunters who transport harvested deer, elk or moose with the spinal column or head attached must report the carcasses' entry into Missouri to the Conservation Department by calling toll-free 877-853-5665 within 24 hours of entering the state.

The carcass must be taken to a licensed meat processor or taxidermist within 72 hours of entry. Meat processors and taxidermists must dispose of the spinal cord and other parts in a properly permitted landfill.

Hunters do not need to contact the Department if they bring back:

- ▶ cut and wrapped meat that has been boned out,
- ▶ quarters and other portions of meat with no part of the spinal column or head attached,
- ▶ hides or capes from which all excess tissue has been removed,
- ▶ antlers removed from the skull,
- ▶ antlers attached to skull plates,
- ▶ skulls cleaned of all muscle and brain tissue,
- ▶ upper canine teeth,
- ▶ finished taxidermy products.

To report deer, elk or moose carcasses' entry into Missouri, call toll-free 877-853-5665.

2011 Fall Firearms Turkey Hunting Season

JIM RATHER

Season dates

- Oct. 1–31

Closed counties

Turkeys may be taken in all counties except: Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot and Scott.

Shooting hours

- one-half hour before sunrise to sunset

Valid permits

- Resident or Nonresident Fall Firearms Turkey Hunting Permit
- Resident Landowner Fall Firearms Turkey Hunting Permit

Season limit

- Two turkeys, which may be of either sex, may be taken during the season, and they both may be taken on the same day.

Methods allowed

- a shotgun (including .410) with shot not larger than No. 4
- a longbow, recurve bow or compound bow of any draw weight; hand-held string releasing devices and illuminated sights, scopes and quickpoint sights are allowed

Methods prohibited

- shotguns capable of holding more than three shells in magazine and chamber combined
- shot larger than No. 4 (in use or in possession)
- a bow fastened to a stock or other device that maintains the bow in a drawn position
- any sighting device that casts a beam of light on the game
- use of dogs, bait, electronic calls, electronically activated calls, live decoys

Points to remember

- Anyone hunting turkeys during the fall firearms turkey season may not be in possession of both a firearm and a bow. Some exceptions apply. See Page 31.
- Special regulations apply when pursuing feral hogs during the firearms turkey season. See Page 3.

Safety sticker requirement

All hunters using a shotgun must affix the “Be Safe” sticker to the receiver of their gun so it will be in their line of sight when shooting. The sticker must be maintained on the gun while hunting. Stickers are available at permit vendors and Conservation Department offices.

Basic rules for safe turkey hunting

- ▶ Wear hunter orange when walking through the turkey woods. If you bag a turkey, wrap it in hunter orange before carrying it out.
- ▶ Dress defensively; never wear red, white, blue or black in the turkey woods.
- ▶ Always see the turkey clearly before you shoot; never shoot at sound or movement.
- ▶ Shout to reveal your presence to an approaching hunter; never wave or whistle.
- ▶ Pattern your shotgun to learn its effective range, and learn to accurately judge distances. Remember: 30 yards is about the limit for a clean kill.
- ▶ Remain calm and rational; never let excitement, nerves or panic rule your behavior.
- ▶ Assume every sound or movement is another hunter until you can safely identify it as otherwise.

2011–2012 Firearms Deer Hunting Season

The firearms deer hunting season is made up of the following portions that provide hunters with many opportunities to take deer while helping to maintain a healthy deer population.

- Urban zones: Oct. 7–10 only in selected areas
- Early youth: Nov. 5–6 statewide
- November: Nov. 12–22 statewide
- Antlerless: Nov. 23–Dec. 4 only in selected areas
- Muzzleloader: Dec. 17–27 statewide
- Late youth: Jan. 7–8, 2012, statewide

Season limit

- Each hunter may take only one antlered deer during the firearms deer season (all portions combined). If you want to take additional antlered deer, you must hunt on an archer's hunting permit during the archery season or on a managed hunt permit during a managed hunt.
- All hunters may purchase any number of permits to take antlerless deer, but some county restrictions apply. See map on Page 23.

Shooting hours

- one-half hour before sunrise to one-half hour after sunset

Valid permits

- Resident or Nonresident Firearms Any-Deer Hunting Permit
- Resident or Nonresident Firearms Antlerless Deer Hunting Permit
- Resident Landowner Firearms Any-Deer Hunting Permit
- Resident Landowner Firearms Antlerless Deer Hunting Permit

Methods allowed

Methods allowed during all portions of the firearms deer season, except the muzzleloader portion (see Page 14).

- centerfire pistol, revolver or rifle using expanding-type bullets. Legal ammunition includes lead bullets, copper bullets and bullets made of other material designed to expand.
- shotgun (including .410) with slugs only
- air-powered gun, .40 caliber or larger, charged only from an external high compression power source (external hand pump, air tank, or air compressor)
- a muzzleloading or cap-and-ball firearm .40 caliber or larger and capable of firing only a single projectile at one discharge; in-lines and scopes are allowed
- multiple-barreled muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns, including revolvers, .40 caliber or larger are allowed and may be carried in addition to a muzzleloading or cap-and-ball rifle
- a longbow, compound bow or recurve bow of any draw weight; hand-held string releasing devices, illuminated sights, scopes and quickpoint sights are allowed
- crossbow
- atlatl, which is defined as a rod or narrow board-like device used to launch, through a throwing motion of the arm, a dart 5 to 8 feet in length.

Methods prohibited (*in use or in possession*)

- self-loading firearms with capacity of more than 11 cartridges in magazine and chamber combined
- ammunition propelling more than one projectile at a single discharge (such as buckshot)
- full hard metal case projectiles
- fully automatic firearms
- any sighting device that casts a beam of light on the game
- electronic calls or electronically activated calls

Hunters, meat processors can reduce lead risk

Recent studies have shown that people who eat venison taken with lead-based ammunition may be exposed to lead bullet fragments in the meat. Removal of the tissue immediately around the wound area will reduce, but likely will not eliminate exposure to lead.

Health officials in Missouri and several other states have reviewed this information and concluded that lead in venison is a concern, but not a human health crisis. They note that millions of deer and other big game animals are taken by hunters each year to help control big-game populations. However, caution is advised for young children, or women of child-bearing age. Children less than 6 years of age are particularly sensitive to lead exposure

because of their developing bodies. Concerns for lead exposure also extend to pregnant women and women of childbearing age because they can pass lead to their unborn children.

The selection of ammunition for hunting deer and turkeys in Missouri is a matter of personal choice. The Conservation Department strives to make the most current knowledge available so hunters can make informed decisions. For those concerned about this information, one solution is to use expanding copper or other nonlead ammunition that is available at most ammunition outlets. For more information on lead and venison, go to mdc.mo.gov/hunt/deer.

2011-2012 Firearms Deer Hunting Season (continued)

Urban zones portion

Hunters must abide by all city and county ordinances regarding trespass and use of equipment. Local governments may restrict the methods allowed for hunting. For example, some cities allow only archery methods. Call your local city hall and check local ordinances before you hunt.

Note: Only antlerless deer may be harvested during the urban zones portion.

Season dates

- Oct. 7–10 only in open areas; see maps

Methods

- All legal deer hunting methods listed on Page 11 are allowed by the Conservation Department. However, if a local government does not allow a certain method, you must hunt using only the methods allowed in that area.

The Conservation Department will join with the Conservation Federation of Missouri and community sponsors to cover the costs of all whole deer donated to the Share the Harvest program during the urban zones portion. For a list of participating processors, contact your regional Department office. See inside front cover.

These areas are open during the urban zone although some methods may be prohibited by local ordinances.

Note: This portion allows for the harvest of antlerless deer in areas where deer numbers need to be reduced. Therefore, some public land where deer are not abundant may be closed to hunting.

BEARS ARE PROTECTED

Report sightings to:

Missouri Department of Conservation
1110 S. College Ave.
Columbia, MO 65201
573-882-9880

Springfield urban zone

- ▶ all of Greene County
- ▶ portion of Christian County north of a line from Lawrence County, east on Route 14 to Hwy. 125, north on Hwy. 125 to the Greene County line

Kansas City urban zone

- ▶ portion of Platte County south of Hwy 92
- ▶ portion of Cass County north of Route 2
- ▶ all portions of Clay and Jackson counties

Columbia/Jefferson City urban zone

- ▶ portion of Boone County south of a line that runs from the Howard County line east on Hwy. EE to Hwy J to Wilhite Road to Hwy E to Akeman Bridge Road to Hwy VV to Hinton Road to Calvert Hill Road to McGee Road to Hwy B to Mount Zion Church Road to Timmons Road to Marshall Lane to the Audrain County Line
- ▶ portion of Cole County north of a line from Moniteau County east on U.S. 50 to Route D to U.S. 54 to Route E to Route B to Route M to U.S. 50 to the Cole-Osage County line

St. Louis urban zone

- ▶ all of St. Charles and St. Louis counties
- ▶ portion of Franklin County north and east of a line from Hwy. 47 south to U.S. 50, east to I-44, east to Hwy. O, east to Hwy. NN, south on NN to the Jefferson County line
- ▶ portion of Jefferson County north of a line from Hwy. NN to Hwy. 30, east to Hwy. MM, east to Hwy. M, east to U.S. 61, south to Glaize Creek, east to the Mississippi River

2011–2012 Firearms Deer Hunting Season (continued)

November portion

The November portion allows hunters using all legal deer hunting methods an opportunity to harvest deer.

Season dates

Nov. 12–22 statewide

Methods

- All legal deer hunting methods listed on Page 11 are allowed.

Antlerless portion

Any hunter with a firearms deer hunting permit of any type (except a Managed Deer Hunting Permit) may take antlerless deer in counties and parts of counties that are open during this portion of the season. In counties open during the antlerless portion, Landowner Any-Deer and Antlerless Deer Permits are valid only on the property for which they are issued.

Season dates

Nov. 23–Dec. 4 only in open areas; see maps on pages 12–13 for boundaries of Christian, Franklin and Jefferson counties.

Methods

- All legal deer hunting methods listed on Page 11 are allowed.

Muzzleloader portion

This portion of the firearms season allows hunters additional time to hunt using muzzleloaders only.

Season dates

Dec. 17–27 statewide

Methods

- a muzzleloading or cap-and-ball firearm .40 caliber or larger and capable of firing only a single projectile at one discharge; in-lines and scopes are allowed
- multiple-barreled muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns, including revolvers, .40 caliber or larger are allowed and may be carried in addition to a muzzleloading or cap-and-ball rifle

Sign up early for hunter-education classes. Call the regional office near you or go online for class dates. See inside front cover for contact information or try the online hunter-education class. Go to mdc.mo.gov/8821 for details.

Youth portions

To participate, the youth hunter must be at least 6 and no older than 15 on the opening day of the early youth portion.

Methods

- All legal deer hunting methods listed on Page 11 are allowed.

Note: The antler-point restriction does not apply during the youth portions. However, it does apply during the rest of the season.

Early portion

- Nov. 5–6 statewide
- Limit: one deer, which may be of either sex

Note: Only 1 deer can be taken. If you have more than one permit, you must use them in another portion.

Valid permits for both youth portions

Youth may use any of the following permits:

- ▶ Resident Landowner Firearms Any-Deer Hunting Permit (if hunting on qualifying land)
- ▶ Resident Landowner Firearms Antlerless Deer Hunting Permit (if hunting on qualifying land)
- ▶ Resident or Nonresident Firearms Any-Deer Hunting Permit
- ▶ Resident or Nonresident Firearms Antlerless Deer Hunting Permit

If the youth is not hunter-education certified, he or she must hunt in the immediate presence of a qualifying mentor. See Page 22.

Late portion

- Jan. 7–8, 2012, statewide

Youth can take deer according to the permits they hold, however:

- Only one antlered deer may be taken during the entire firearms deer season. So if the youth has already taken one

antlered deer during one of the other portions of the firearms deer season, he or she may not take another during this portion.

- Any number of permits may be purchased to take antlerless deer, but some county restrictions apply. See map on Page 23.

Scheduling youth hunts

One of the goals of the Missouri Department of Conservation is to provide quality hunting opportunities for Missouri's youth. These special youth hunts sometimes coincide with holidays and other hunting seasons. The Conservation Department strives to minimize such conflicts. However, conflicts are inevitable for a number of reasons.

- The special youth hunting seasons must be held on weekends so youth can participate without missing school.
- There are many opportunities for fall and winter youth hunting seasons, including those for deer (early and late), pheasant and quail, and waterfowl (in three different zones); but the number of weekends available is limited.
- Youth hunting seasons are typically scheduled prior to the opening of the "regular" season to maximize the chance of successful harvest.
- Several holidays, including Halloween, Thanksgiving, Christmas and New

Years' Day, occur within the relatively brief time available for fall and winter hunting.

There is no question that the number and variety of fall hunting opportunities sometimes creates conflict. On the other

hand, Missourians have an abundance of hunting opportunities from which to choose. The special youth opportunities provide an important introduction to hunting and allow adults to mentor the next generation of hunters.

2011–2012 Managed Deer Hunts

Missouri offers numerous managed deer hunts for archery, crossbow, muzzleloading and modern firearms from mid-September through January.

These hunts achieve deer management goals while also providing additional hunting opportunity. Hunters are selected by a weighted random drawing system.

Note: Participants in all managed hunts except those limited to archery or crossbow methods must wear hunter orange.

Limit

A single Managed Deer Hunting Permit allows each hunter to take the number of deer allowed at the hunt he or she is attending. Some hunts allow one deer, others two and some three.

Note: Deer taken at a managed deer hunt do not count toward the regular season bag limit.

Valid permits

- Resident or Nonresident Managed Deer Hunting Permit

Note: Permits are available to successful applicants beginning Sept. 14 anywhere permits are sold.

Points to remember

- Go to mdc.mo.gov/7454 for a summary of how many people applied for last year's managed hunts and how many deer were taken.
- If you cannot attend, another hunter cannot take your place. Only those hunters who applied and were drawn may attend.

- Some managed hunts require hunters to attend a mandatory pre-hunt orientation. If you cannot attend the orientation, do not apply for these hunts.
- If you have a methods exemption, you may use a crossbow in an archery managed deer hunt.
- If you apply as one of a party on the application card or as an individual, your chances of being drawn for a managed deer hunt are the same as everyone else's.
- Individuals not drawn for a managed deer hunt may not accompany a hunter who was successfully drawn.
- ATVs are prohibited on the managed deer hunt areas.
- If you are not drawn for a managed hunt this year, you will earn one preference point that will increase your odds the next time you apply.

When to apply for a managed hunt

- July 1–Aug. 15

Who can apply

If applying for a youth-only hunt, youths must be 11 or older by the date of the hunt. Youths may apply singly or with one other youth hunter, but not as a group. See pages 17 and 20. If applying for all other hunts, hunters may apply individually or as a group of up to six hunters.

For how many hunts can a hunter apply?

Each hunter may apply for only one managed deer hunt each year. **Hunters who apply for more than one will be disqualified from this year's drawing and will not receive a preference point.**

Wheelchair-confined hunters

Any hunter permanently confined to a wheelchair is automatically allowed to participate in managed deer hunts at:

- August A. Busch Memorial Conservation Area
- Burr Oak Woods Conservation Area
- Caney Mountain Conservation Area
- Clarence Cannon National Wildlife Refuge
- Drury-Mincy Conservation Area
- Fleming Park (east side) (*maximum of three wheelchair hunters*)
- James A. Reed Wildlife Area
- Mingo National Wildlife Refuge (*maximum of five wheelchair hunters*)
- Peck Ranch Conservation Area
- Prairie Fork Conservation Area

These hunts are part of the Managed Deer Hunt Program and are not limited to disabled hunters. Mail a written request **by Aug. 15** indicating hunt preference with attached physician's statement to the Jefferson City address on the inside front cover, Attn: Managed Deer Hunts.

Each disabled hunter may be accompanied by an attendant/care-giver while hunting, but that person may not hunt unless he or she had applied and was successfully drawn for the same hunt. Wheelchair-confined hunters may participate in more than one Managed Deer Hunt, but must purchase a Managed Deer Hunting Permit for each hunt they attend.

To apply, complete the following steps

Step 1: Designate one member of your group to go online. That person **must** have ready the following information:

- the two- or three-digit number for the preferred hunt
- the nine-digit Conservation I.D. number of **each** hunter in the group. If you need an I.D. number, call 573-751-4115 during regular business hours to have one assigned.

Important: To ensure that your preference point earned last year is used, be sure to use the same Conservation I.D. number you used last year. For future reference, print your confirmation page and save it.

Note: A Social Security number is not the same as a Conservation I.D. number. Your Conservation I.D. number is located on the back of your Conservation Heritage Card and on your permit.

Step 2: Complete the worksheet on this page **before** going online so you will have all the information ready.

Step 3: Go online at mdc.mo.gov/hunt/deer. If you have correctly entered all the required information, you will see a message confirming your application.

Step 4: Print your confirmation page or write down your confirmation number, and save it for future reference.

To find out if you've been selected

From Sept. 14 through Dec. 31, go online to see if you've been selected. Be prepared to enter your nine-digit Conservation I.D. number (the same I.D. number you used when you applied) when you check the drawing results. You also must provide your same Conservation I.D. number when you buy your Managed Deer Hunting Permit.

All successful applicants will receive in the mail an area map and other information regarding the hunt. We must have your correct address so you will receive the information you need. If your address has changed, contact your local Department office during regular business hours. See inside front cover.

Successful applicants can purchase their permit beginning Sept. 14 wherever permits are sold.

Note: The odds for drawing a particular hunt are available at mdc.mo.gov/7454 or by calling a Department office. See inside front cover.

Youth-only managed hunts

There are 11 youth-only managed deer hunts for youths ages 11 through 15 (see Page 20). Application and notification processes for 10 of the 11 hunts are the same as for regular managed hunts except that youth hunters may only apply singly or with one other youth hunter. All successful applicants will be notified by mail. Youths who apply for a youth-only hunt may not also apply for a "regular" managed deer hunt.

Those drawn to participate must:

- ▶ purchase a Resident or Nonresident Managed Deer Hunting Permit;
- ▶ be accompanied by an adult sponsor (age 18 or older) who is hunter-education certified or exempt, and has a filled or unfilled firearms deer hunting permit;
- ▶ attend a pre-hunt orientation with their adult sponsor at some locations; and
- ▶ obtain hunter-education certification before the managed hunt or pre-hunt orientation.

Note: Hunter-education certification is not required to apply for a managed hunt, but must be achieved before the hunt. Minimum age to enroll in a hunter-education course is 11. Adult sponsors born before Jan. 1, 1967, are exempt from the hunter-education requirement.

Managed Deer Hunt Application Worksheet

Hunt No.: _____

Method: _____

Location: _____

Date: _____

Hunter **Conservation I.D. number(s)** (nine-digit number on your hunting or fishing permit, or on the **back** of your Conservation Heritage Card below the bar code. Use the same number you used last year.):

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____

2011–2012 Managed Deer Hunts (continued)

Note: If you have a medical condition that limits your mobility and requires you to have special access to a hunting area, such as driving on a service road or using an ATV, please contact the manager of the area on which you want to hunt before applying for a managed hunt. Some areas may not have the access you require, and you may want to apply for a hunt on a different area.

Permits: Resident or Nonresident Managed Deer Hunting Permit only; no other permit may be used to take deer at any managed deer hunt.

Limit: Refer to the "Limit" code for each hunt. When you purchase your Managed Deer Hunting Permit you will receive permits to take the number of deer allowed at the hunt you are attending.

Quota: Refer to "Quota" for the number of hunters that will be drawn to participate in each hunt.

Limit Code:

A = 1 antlerless deer	¹ Antlered deer must have at least one antler with at least 4 points.
B = 1 deer of either sex	² Hunters must attend a pre-hunt orientation; those who do not attend are disqualified.
C = 2 deer, but only 1 antlered	³ Participants for this hunt have already been selected from among attendees of MDC's Hunting Skills University. For more information, contact the MDC Central Regional Office at 573-884-6861.
D = 2 deer, but only 1 antlered; must take and check-in antlerless deer before taking antlered deer	⁴ Hunters may take turkeys according to season limits on the Archer's Hunting Permit prior to filling the managed deer hunt quota.
E = 2 antlerless deer	⁵ Each hunter must pay a \$20 administrative fee to Fort Leonard Wood at time of check in. Military authorities reserve the right to change or cancel this hunt at any time. In the event of cancellation, applicants may not choose an alternate hunt.
F = 3 deer, but only 1 antlered	
G = 3 deer, but only 1 antlered; must take and check-in 1 antlerless deer before taking antlered deer	
H = 3 deer, but only 1 antlered; must take and check-in 2 antlerless deer before taking antlered deer	
I = 3 antlerless deer	
J = 3 deer, but only 1 antlered which may not be harvested on the first day; also must take and check-in 2 antlerless deer before taking antlered deer	
K = 1 antlered deer	

2011–2012 Managed Youth Deer Hunts

Note: Youth must be at least 11 years old and hunter-education certified to hunt in a managed youth deer hunt.

Hunt

<i>Mandatory pre-hunt orientation Oct. 8</i>					

²Hunters must attend a pre-hunt orientation; those who do not attend are disqualified.

³Participants for this hunt have already been selected from among attendees of MDC's Hunting Skills University. For more information, contact the MDC Central Regional Office at 573-884-6861.

Limit Code:

B = 1 deer of either sex
C = 2 deer, but only 1 antlered
G = 3 deer, but only 1 antlered; must take and check-in 1 antlerless deer before taking antlered deer

Note: Most conservation areas remain open to the public for other activities during managed hunts.

Special Hunts for People with Disabilities

There are 10 special hunts exclusively for persons with disabilities. Application for these hunts is made through the hunt location, NOT through the "regular" managed deer hunt application process. For information about who qualifies and how to apply, call the specific hunt location during normal business hours between July 1 and Aug. 15, or by Oct. 1 for the hunt at Smithville Lake.

Location	County	Date	Quota	Limit	Contact
Muzzleloading or Cap-and-Ball Firearms Only (3 hunts—in-lines and scopes are allowed)					
Clearwater Lake ML	Wayne/Reynolds	Nov. 5–6	3	C	573-223-7777
Mingo NWR ²	Stoddard	Dec. 3–4	5	C	573-222-3589
Squaw Creek NWR	Holt	Dec. 17–18	8	C ¹	660-442-5754
Historic Methods (1 hunt—muzzleloader, cap-&-ball, long/recurve/compound/crossbow only)					
Bois D'Arc CA ²	Greene	Oct. 8–9	12	C	417-742-4361
Firearms (6 hunts—centerfire, shotguns with slugs, air-powered guns only)					
Clarence Cannon NWR	Pike	Oct. 22–23	10	D	573-847-2333
Smithville Lake	Clay/Clinton	Nov. 19–20	63	F	816-532-0174
Stockton Lake ML	Cedar/Dade	Nov. 5–6	20	C	417-276-3113
Swan Lake NWR	Chariton	Nov. 5–6	10	B	660-856-3323
Truman Lake	Benton/St. Clair	Nov. 5–6	25	F	660-438-7317
Wappapello Lake ML	Wayne	Oct. 22–23	25	B	573-222-8562

¹Antlered deer must have at least one antler with at least 4 points.

²Hunters must attend a pre-hunt orientation; those who do not attend are disqualified.

Limit Code:

B = 1 deer of either sex
C = 2 deer, but only 1 antlered
D = 2 deer, but only 1 antlered; must take and check-in antlerless deer before taking antlered deer
F = 3 deer, but only 1 antlered

Note: Most conservation areas remain open to the public for other activities during managed hunts.

2011–2012 Managed Deer Hunts

Weighted random drawing increases odds for future managed hunts

Each time you apply for a managed deer hunt but are not drawn you earn one preference point. The next time you apply, either this year or some year in the future, your name will be entered into the drawing—once for the current application year and once for each preference point. If you're not drawn again, you'll earn another preference point and all your points will automatically be used the next time you apply.

You will continue to accumulate preference points—one for each unsuccessful application year—until you are drawn. Every year you apply for a managed deer hunt the number of times your name will be entered into the drawing will equal your number of preference points plus one for the current application year. When you are drawn for a hunt, your preference points total goes to zero.

You do not have to apply for a managed deer hunt every year to keep your points. Your points are valid for your lifetime whether you enter the drawing

DAVID STONNER

each year or not, and the system will remember how many points you have and will store them until the next time you apply.

While your odds of being drawn will increase as you accumulate preference

points, luck still plays an important role. It's possible that someone with no points will be drawn over someone who has preference points. However, your odds of being drawn increase with each point you earn.

This drawing process gives all hunters a chance to be drawn for a hunt each year. However, hunters with preference points will have a statistical advantage. In the case of hunters who apply as a party, the group's preference point average will be used in the drawing.

Important: don't lose points

Some hunters may have more than one Conservation I.D. number. Preference points will be stored by Conservation I.D. number, so be sure you use the same number each year you apply. When applying, print your confirmation page and save it for future reference.

2011–2012 Deer and Turkey Permits

Anyone who hunts, takes or attempts to take wildlife in any way must have the prescribed permit(s). Each hunter must sign, carry and show, upon request, his or her permit to any officer who enforces the *Wildlife Code of Missouri*.

Points to remember

- You must have your signed permit in hand when you go afield to hunt.
- Permits cannot be exchanged or refunded.
- Permits may be used in any order, and multiple permits may be filled on the same day.
- Residents do not have to purchase a Firearms Any-Deer Hunting Permit or Archer's Hunting Permit before purchasing Antlerless Deer Hunting Permits.
- Before purchasing antlerless deer hunting permits, nonresidents must first purchase a Nonresident Firearms Any-Deer Hunting Permit or a Nonresident Archer's Hunting Permit, depending on the type of antlerless permit they want to use.
- You do not have to purchase your any-deer and antlerless deer permits at the same time, but most hunters prefer to buy more than one firearms permit before the season opens so they can take full advantage of harvest opportunities when they occur.

Permits for youth 6 through 15

Youth age 6 through 15, whether they are hunter-education certified or not, can purchase resident or nonresident deer and turkey hunting permits at reduced prices. See pages 23–24.

If the youth is hunter-education certified and hunting on a resident or nonresident firearms deer or turkey hunting permit, he or she may hunt alone. However, if the youth is not hunter-education certified, he or she must hunt in the immediate presence of a properly licensed adult hunter who has in his or her possession a valid hunter-education certification card or was born before Jan. 1, 1967. The adult, however, may not hunt deer during the youth portions of the firearms deer season.

- “Immediate presence” means close enough for normal conversation, without shouting.
- “Properly licensed” means a valid firearms hunting permit for the appropriate season (i.e., either a filled or unfilled Firearms Deer or a Fall Firearms Turkey Hunting Permit).
- “Adult” means someone age 18 or older.

In addition, adults accompanying youths hunting deer must wear hunter orange. Regardless of age, the youth must be capable of holding, aiming and shooting the firearm by him or herself.

Who may purchase resident deer and turkey permits?

- Any person who does not claim resident privileges in another state or country, and whose actual residence and legal permanent home address are both in Missouri, and have been for at least 30 days before applying for the permit. Owning real estate or attending a Missouri school does not in itself make you a legal resident.
- Missouri residents employed by the United States in the District of Columbia or serving in the U.S. armed forces. (Immediate family members who reside with them also may purchase resident permits.)
- All members of the U.S. armed forces residing in Missouri on permanent change of station status and immediate family members residing with them.
- Any honorably discharged military veteran having a service-related disability of 60 percent or greater, or who was a prisoner of war during military service; must carry certified statement of eligibility from the U.S. Department of Veterans Affairs while hunting or purchasing permits.
- Nonresidents who are registered students attending a public or private secondary, post secondary, or vocational school in Missouri and who live in Missouri while attending school; must carry evidence of a Missouri residence and student status while hunting. **Note:** Nonresident students who qualify for resident permits must purchase them at Conservation Department offices.
- Immigrants who possess an I-551 Resident Alien Card and who do not claim resident privileges in another state or country, and whose actual residence and legal permanent home address are both in Missouri, and have been for at least 30 days before applying for the permit.

Purchasing permits

You may purchase your fall deer and turkey hunting permits beginning July 1 using any of the methods below.

- Over the counter from any permit vendor. Buy early to avoid long lines.
- By telephone at 800-392-4115. Use your credit card, and pay a \$2 surcharge. Allow 10 days for delivery.
- Online anytime using the e-Permits System at **mdc.mo.gov/epermits**. Use your credit card, and pay a \$1 surcharge. Print your permit at home and have it in hand within minutes.

Note: No-cost resident landowner permits also are available. See Page 24 for details.

Replacing permits: Lost or damaged permits can be replaced using any of the methods above. A replacement permit costs \$2 plus any applicable surcharge. E-Permits can be saved on a personal computer and reprinted for free if the original permit is lost or damaged. As with other permits, e-Permits may not be shared, and additional copies of an e-Permit do not provide additional valid permits to use.

Firearms antlerless permits

How many firearms antlerless permits can you use?

The number you can fill depends on the counties in which you hunt. See map below.

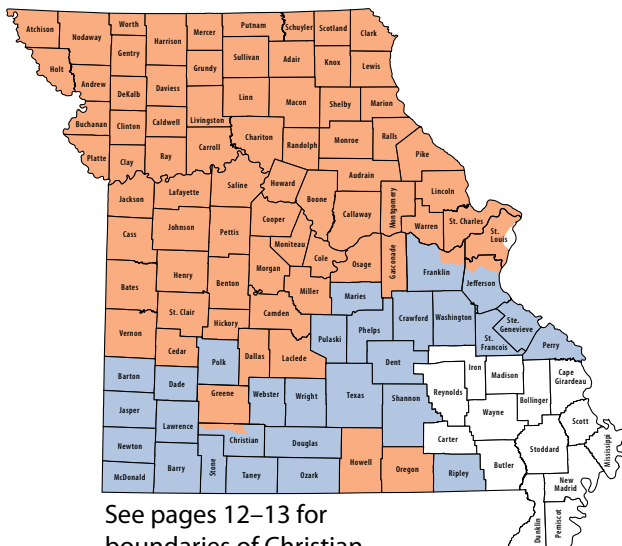

When can these permits be used?

They can be used during all portions of the firearms deer season, except in areas that are closed during the urban zones and antlerless portions.

Any number of firearms antlerless deer hunting permits may be filled. Resident landowners and lessees with at least 75 acres may receive two no-cost Landowner Antlerless Deer Hunting Permits and can also fill any number of purchased antlerless permits.

One firearms antlerless deer hunting permit may be filled in these counties. Resident landowners and lessees with at least 75 acres may receive and fill one no-cost Landowner Antlerless Deer Hunting Permit and can also fill one purchased antlerless permit.

Antlerless deer may only be taken on an any-deer permit. No firearms antlerless deer hunting permits may be filled except, qualifying landowners may receive one no-cost antlerless permit, which they must fill on their land.

See pages 12–13 for boundaries of Christian, Franklin and Jefferson counties.

Resident permits

Resident Firearms Any-Deer Hunting Permit

For 1 antlered or antlerless deer statewide during the firearms deer hunting season. See restrictions on pages 12–14.

Age 16 and older..... \$17
Age 6–15¹..... \$8.50

Resident Firearms Antlerless Deer Hunting Permit²..... \$7

For 1 antlerless deer during the firearms deer hunting season in selected areas. See map to the left.

Age 16 and older..... \$7
Age 6–15¹..... \$3.50

Resident Managed Deer Hunting Permit³

For deer during a prescribed managed hunt. Valid for the number of deer allowed.

Age 16 and older..... \$17
Age 11–15⁴..... \$8.50

Resident Archer's Hunting Permit

For 2 deer and 2 turkeys during the archery deer and turkey hunting season, for small game during prescribed seasons and to sell furbearers taken by archery methods

Age 16 and older..... \$19
Age 6–15..... \$9.50

Resident Archery Antlerless Deer Hunting Permit²

For 1 antlerless deer during archery deer hunting season in selected counties. See map on Page 9.

Age 16 and older..... \$7
Age 6–15..... \$3.50

Resident Fall Firearms Turkey Hunting Permit¹

For 2 turkeys during the fall firearms season

Age 16 and older..... \$13
Age 6–15¹..... \$6.50

¹ If not hunter-education certified, a youth hunting on a firearms permit must be in the immediate presence of a properly licensed adult age 18 or older who is hunter-education certified or exempt by age. See Page 22.

² May be purchased in any number.

³ Application required; participation awarded through drawing.

⁴ Must be hunter-education certified to participate in a muzzleloading, historic methods, shotgun or firearms managed hunt.

Obtain permission before entering private land. Your hunting permit does not authorize trespass.

2011–2012 Deer and Turkey Permits (continued)

Nonresident permits⁴

Nonresident Firearms Any-Deer Hunting Permit

For 1 antlered or antlerless deer statewide during the firearms deer hunting season. See restrictions on pages 12–14.

Age 16 and older.....\$225
Age 6–15¹.....\$8.50

Nonresident Firearms Antlerless Deer Hunting Permit²

For 1 antlerless deer during the firearms deer hunting season in selected areas. A Nonresident Firearms Any-Deer Hunting Permit or a Nonresident Managed Deer Hunting Permit is required as a prerequisite to this permit. See map on Page 23.

Age 16 and older.....\$25
Age 6–15¹.....\$3.50

Nonresident Managed Deer Hunting Permit³

For deer during a prescribed managed hunt. Valid for the number of deer allowed.

Age 16 and older.....\$225
Age 11–15⁵.....\$8.50

Nonresident Archer's Hunting Permit

For 2 deer and 2 turkeys during the archery deer and turkey hunting season, and for small game, except furbearers, during prescribed seasons

Age 16 and older.....\$225
Age 6–15.....\$9.50

Nonresident Archery Antlerless Deer Hunting Permit²

For 1 antlerless deer during archery deer hunting season in selected counties. A Nonresident Archer's Hunting Permit is required as a prerequisite to this permit. See map on Page 9.

Age 16 and older.....\$25
Age 6–15.....\$3.50

Nonresident Fall Firearms Turkey Hunting Permit

For 2 turkeys during the fall firearms turkey hunting season

Age 16 and older.....\$110
Age 6–15¹.....\$6.50

¹ If not hunter-education certified, a youth hunting on a firearms permit must be in the immediate presence of a properly licensed adult age 18 or older who is hunter-education certified or exempt by age. See Page 22.

² May be purchased in any number.

³ Application required; participation awarded through drawing.

⁴ All nonresidents must purchase nonresident permits to hunt deer or turkeys in Missouri, except for qualifying students and disabled veterans. See Page 22.

⁵ Must be hunter-education certified to participate in a muzzleloading, historic methods, shotgun or firearms managed hunt.

Resident Landowner Permits

All deer and turkey hunters, including landowners and lessees, must have valid deer and/or turkey hunting permits. Resident landowners and lessees who meet the requirements listed to the right may obtain no-cost resident landowner permits from July 1 through Jan. 15 using any of the methods below. **Note:** Landowners may be required to submit verification upon request if landownership cannot be verified through county plat books.

- Over the counter from any permit vendor. Go early to avoid long lines. No surcharges will be assessed.
- By telephone at 800-392-4115. Use your credit card to pay the \$2 surcharge. Allow 10 days for delivery.
- Online using the e-Permits System at mdc.mo.gov/epermits. Use your credit card to pay the \$1 surcharge. Print your permit at home and have it in hand immediately.

Please have on hand the following information:

- your Conservation I.D. number, Heritage Card number, Social Security number or driver's license number;
- the county or counties where your land is located;
- the number of acres you own or lease and reside on.

Note: All landowner permits are valid only on qualifying property. Hunters must be at least 6 years old to obtain landowner permits. Hunter-education certification is not required to obtain landowner permits.

Qualifications for landowner permits

- ▶ Any Missouri resident who owns at least 5 continuous acres, and his or her immediate household members age 6 or older
- ▶ Any Missouri resident who leases and lives on at least 5 continuous acres owned by others, and his or her immediate household members age 6 or older
- ▶ Any Missouri resident who is a general partner of a partnership, an officer of a resident or foreign corporation, an officer or managing member of a resident limited liability company, or an officer of a benevolent association organized pursuant to Chapter 352 of the Revised Statutes of Missouri when the before mentioned organization owns at least 5 continuous acres. In the case of corporate ownerships, all registered officers of a corporation can qualify, and they are not required to reside on the land. Persons who own stock in a corporation (shareholders) do not qualify.

Note: Immediate household member is anyone, related or unrelated, whose legal residence is the same as the qualifying landowner or lessee for at least the last 30 days. Family members whose legal residence is elsewhere do not qualify.

Resident Landowner Permits (*continued*)

Qualifying resident landowners and lessees who have at least 5 acres, and all members of their immediate household age 6 or older, may each receive:

- one Landowner Fall Firearms Turkey Hunting Permit,
- one Landowner Firearms Any-Deer Hunting Permit,
- one Landowner Archer's Hunting Permit,
- two Landowner Archery Antlerless Deer Hunting Permits, depending upon county availability (see Page 9).

Qualifying resident landowners and lessees who have 75 or more acres located in a single county or at least 75 continuous acres bisected by a county boundary, and all members of their immediate household age 6 or older, may each receive:

- all of the landowner permits listed above,
- up to two Resident Landowner Firearms Antlerless Deer Hunting Permits, depending on county availability (see Page 23).

Qualifying resident landowners and lessees:

- must abide by season dates, methods, limits and tagging/checking requirements. Refer to the appropriate hunting season section for details.
- must use landowner permits only on their qualifying property. To hunt on other land, landowners and lessees must purchase regular permits.
- may use their landowner permits to take deer on their land during all portions of the firearms season including the urban zones and antlerless portions (if their property is located in one of the open areas).
- with 75 or more acres in more than one county may not harvest more deer on *landowner antlerless permits* than can be taken by regular permittees in the county where hunting except in certain areas (see Page 23).
- may fill a Landowner Any-Deer Permit and a purchased any-deer permit. **However, each hunter may only take one antlered deer during the firearms deer hunting season.** Therefore, landowners and lessees who take an antlered deer on one Any-Deer Permit must take an antlerless deer on the other Any-Deer Permit. **Note:** Deer taken on a Managed Deer Hunting Permit or in accordance with the archery deer hunting season do not count toward this one-antlered-deer limit.
- may fill their no-cost Landowner Antlerless Permits and also purchase and fill any number of additional antlerless permits where valid. **Note:** Resident landowners and lessees may also purchase and use permits in addition to the no-cost permits. However, only one antlered deer may be taken during the firearms season and a maximum of two antlered deer may be taken during the archery season. See pages 9 and 11.

Attention landowners, age 44 and younger who are not hunter-education certified

Qualifying landowners and lessees hunting on their own land do not need to be hunter-education certified; however, when mentoring a firearms hunter who is not hunter-education certified and not hunting on a landowner permit, all mentors, including landowners and lessees hunting on their own land, must be at least 18 years old and hunter-education certified unless they were born before Jan. 1, 1967. If you need to become certified, check out the online course at mdc.mo.gov/17844, or call a Department office near you to sign up for a course.

Resident landowner permits

All landowner permits are valid only on qualifying property. Hunters must be at least 6 years old to obtain landowner permits. Hunter-education certification is not required to obtain landowner permits.

Resident Landowner Fall Firearms Turkey Hunting Permit no-cost
For 2 turkeys during the fall firearms turkey hunting season.

Resident Landowner Firearms Any-Deer Hunting Permit no-cost
For 1 deer (of either sex) during the firearms deer hunting season.

Resident Landowner Firearms Antlerless Deer Hunting Permit no-cost
For 1 antlerless deer during the firearms deer hunting season in selected counties. See map on Page 23.

Resident Landowner Archer's Hunting Permit no-cost
For 2 deer and 2 turkeys during the archery deer and turkey hunting season, and for small game during prescribed seasons and to sell furbearers taken by hunting.

Resident Landowner Archery Antlerless Deer Hunting Permit no-cost
For 1 antlerless deer during archery deer hunting season in selected counties. See map on Page 9.

Use landowner permits wisely

- ▶ To keep costs down and to help provide more funding for habitat and wildlife management, ask the permit vendor for only the landowner permits that you plan to use.
- ▶ It is illegal to allow other hunters to check deer and turkeys on your landowner permits.

e-Permits

The Conservation Department's new e-Permits System lets you buy hunting permits online, print them at home, and have them in hand immediately. You can even reprint lost or damaged permits for free. If you're not comfortable buying online, you can still purchase permits by phone, at any MDC office or from your usual vendor.

Learn more about e-Permits at mdc.mo.gov/epermits.

E-Permits will generate some changes for ALL deer and turkey hunters.

- ▶ E-permits were designed to be printed at home on regular paper. To prevent the paper from becoming unreadable, hunters are encouraged to keep e-Permits in a plastic sandwich bag while afield. This also will make it easier for hunters to write confirmation numbers on permits when Telechecking their deer or turkeys.
- ▶ Deer and turkey permits will no longer include a removable transportation tag. Instead, the permit itself will be the transportation tag.
- ▶ Each deer and turkey permit will have months printed along one edge and dates along another. Immediately after harvest, hunters must notch the month and day they bagged their game, then attach the permit to the animal.
- ▶ E-Permits will not be printed on adhesive-backed material, so hunters will need to provide a way to attach the permits to their game. Hunters are encouraged to put e-Permits inside plastic sandwich bags and attach the bags to their deer or turkeys with string, twist-ties, wire, plastic cable ties or tape.
- ▶ Traditional vendors will continue to print deer and turkey permits on yellow permit stock, but without the adhesive transportation tag.
- ▶ Turkey hunters must still mark their guns with "Be Safe" stickers, which are available at permit vendors and Conservation Department offices.
- ▶ Deer and turkey hunters must still check their game by 10 p.m. on the day of harvest using Telecheck.

Tagging and Checking Procedures

*Using the new deer and turkey hunting permits couldn't be easier. Just remember: **Bag it. Notch it. Tag it. Check it.***

STEP 1

Bag it. Protect paper e-Permits in a plastic sandwich bag while afield.

STEP 3

Tag it. Attach the notched permit to the deer or turkey's leg. We recommend sealing the permit in a plastic sandwich bag and attaching the bag to the animal's leg with string, twist-ties, wire or tape. You may now legally transport your deer or turkey within Missouri.

STEP 2

Notch it. Immediately after harvesting a deer or turkey, notch the month and date of harvest on your permit.

STEP 4

Check it. Report your deer or turkey by 10 p.m. on the day of harvest using the Telecheck instructions on Page 29. Write the confirmation number provided by Telecheck on your permit. You may now process your deer or turkey, or transport it out of state.

Tagging and Checking Procedures

Things to remember before tagging and checking

- ▶ Use the correct permit. Because many hunters carry multiple permits while deer and turkey hunting, check your permit carefully to make sure you're using the right one before notching it and attaching it to your game.
- ▶ Notching voids the permit. Do not notch the month and day on your permit until you harvest a deer or turkey.
- ▶ Until checked, heads of deer must remain attached, and turkeys must have their heads and plumage intact.
- ▶ Deer and turkeys must be checked by 10 p.m. on the day they were harvested.
- ▶ All deer and turkeys must be checked before they can be removed from Missouri.
- ▶ Only the person who harvested the deer or turkey may possess and transport the game before it has been checked.
- ▶ After checking, deer and turkeys may be possessed and transported by anyone, but must be labeled with the taker's full name, address, Telecheck confirmation number and the date taken.
- ▶ Avoid duplicate Telecheck records. If you are given an eight-digit Telecheck confirmation number, your checking information has been successfully received and recorded. Write the confirmation number on the permit, and the checking process is complete. Do not call again to check the same deer or turkey.

Information needed to Telecheck turkeys

Turkeys must be checked by telephone or Internet. See Page 29. During checking, hunters will be asked the age and sex of their turkey. Monitoring the age and sex of harvested turkeys through checking provides a valuable measure of the fall harvest. Aging and sexing turkeys is simple. See illustrations.

How to age a turkey

To age a turkey, look at the two outermost feathers on the wing (see below). The ends of the 9th and 10th primary feathers of a juvenile are pointed, and the tips of the feathers lack white barring. The ends of the 9th and 10th primary feathers of an adult are rounded and have white barring extending to the tips.

How to determine the sex of a turkey

Look at the lower half of the breast. Hens have brown-tipped breast feathers. Gobblers have black-tipped breast feathers.

How to use Telecheck: Phone & Internet Checking

All deer and turkeys must be checked by telephone or on the Internet. If using a cell phone, be sure you have a clear signal. If the signal is spotty, move closer to a major highway, go to higher ground, or wait until you get to a land-based line to call. Avoid calling in areas with loud background noise.

You do not need to call Telecheck immediately after taking the game. You can transport unchecked game within the state, as long as the notched permit is attached to the leg.

You have until 10 p.m. on the day taken to check your deer or turkey.

To use the easy-to-use electronic checking system, follow the steps below.

Step 1: Before calling the toll-free number or going online, find your Telecheck ID number on your permit. **If you have more than one permit, be sure you give the number of the permit you want to use.** Also get a pen so you will be able to write your Telecheck confirmation number on your permit.

Step 2: Fill out the form to the right, which contains the same information you will be asked when you use Telecheck.

Step 3: Use a phone to dial the toll-free number below, then follow the instructions in the phone interview. Speak clearly and slowly. You can call between 6 a.m. and 10 p.m.

To check a deer or turkey, call

1-800-314-6828.

Or go to:

mdc.mo.gov

on the Internet and follow the instructions.

Step 4: After you have provided the required information, you will be given an eight-digit confirmation number that verifies you have legally checked your game. **Write this number on the permit.**

You have now completed checking your game and can process your deer or turkey.

If checking a turkey, you will need:

► Your Telecheck ID number: _____

► Turkey type (To age and sex turkeys, see Page 28):

☐ adult gobbler

☐ adult hen

☐ juvenile gobbler

☐ juvenile hen

► County where turkey was taken: _____

If checking a deer, you will need:

► Your Telecheck ID number: _____

► Deer type:

☐ doe

☐ button buck

☐ antlered buck

Record the harvest of a buck as 0 points if the buck has one of the following:

► shed its antlers

► small antlers with both beams shorter than 3 inches

► broken antlers off less than 3 inches from their base

_____ total number of points 1 inch or longer
(see how to count points on Page 4)

► County where deer was taken: _____

Note: If you harvested deer in Boone, Cass, Christian, Cole, Franklin, Jefferson or Platte counties, you will be asked: Did you harvest a deer within an urban zone? (See Page 12).

Attention cell phone users

The most common reason hunters are unable to complete their Telecheck transaction is because of a poor cellular telephone connection. Signals that are weak, fade in and out, or "clip" speech will not work with the system. Once you've attached the temporary transportation tag to your deer or turkey, you have until 10 p.m. on the day of harvest to check the animal. Wait until you are out of the woods and receive a clear, strong cell phone connection before placing your Telecheck call.

Wildlife Code of Missouri—Deer & Turkey Hunting Regulations

3 CSR 10-7.431 Deer Hunting Seasons: General Provisions

(1) The current Fall Deer & Turkey Hunting Regulations and Information booklet, published annually in August, is hereby adopted as a part of this Code and by this reference herein incorporated. A printed copy of this booklet can be obtained from the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is online at www.missouriconservation.org. This rule does not incorporate any subsequent amendments or additions.

(2) Deer shall mean white-tailed deer and mule deer. Antlered deer shall mean deer with at least one (1) antler at least three inches (3") long, except as provided in 3 CSR 10-7.435. Deer may be pursued, taken, killed, possessed or transported only as permitted in this Code.

(3) Persons hunting or pursuing deer must possess a prescribed deer hunting permit. Resident landowners and lessees can qualify for no-cost permits.

(4) Deer may be pursued or taken only from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset.

(5) Deer Hunting Methods.

(A) Archery: longbows, recurve bows and compound bows.

(B) Muzzleloader: muzzleloading or cap-and-ball firearms, .40 caliber or larger, not capable of being loaded from the breech.

(C) Any legal method: archery and muzzleloader methods; atlatl; crossbows; shotguns; handguns or rifles firing expanding-type centerfire ammunition; and air-powered guns, .40 caliber or larger, charged only from an external high compression power source (external hand pump, air tank, or air compressor).

(D) Prohibited, in use or possession:

1. Methods restricted by local ordinance.
2. Self-loading firearms with capacity of more than eleven (11) cartridges in magazine and chamber combined.
3. Ammunition propelling more than one (1) projectile at a single discharge, such as buckshot.
4. Full hard metal case projectiles.
5. Fully automatic firearms.
6. Electronic calls or electronically activated calls.

(6) Deer may not be hunted, pursued, taken or killed:

(A) While in a stream or other body of water.

(B) From a boat with a motor attached.

(C) With the aid of a motor-driven land conveyance or aircraft.

(D) With the aid of dogs, in use or possession.

(E) With the aid of artificial light or night vision equipment.

(F) Within any area enclosed by a fence greater than seven feet (7') in height that could contain or restrict the free range of deer. Exceptions are provided in other rules or by written authorization of the director.

(G) With the aid of bait (grain or other feed placed or scattered so as to constitute an attraction or enticement to deer). Scents and minerals, including salt, are not regarded as bait, however, mineral blocks with food additives are prohibited. An area is considered baited for ten (10) days following complete removal of bait. Hunters can be in violation even if they did not know an area was baited. It is illegal to place bait in a way that causes others to be in violation of the baiting rule.

(7) During the firearms deer hunting season and during managed firearms deer hunts on those areas where such hunts are held, all persons hunting any game and also adults accompanying youths hunting deer on a Youth Deer and Turkey Hunting Permit, must wear a cap or hat and a shirt, vest, or coat of the color commonly known as hunter orange, which must be plainly visible from all sides. Camouflage orange garments do not meet this requirement. The following are exempt from this requirement:

- (A) Migratory game bird hunters;
- (B) Archery permittees during the muzzleloader portion;
- (C) All hunters in counties closed during the urban zones and antlerless portions;
- (D) Hunters using archery methods while hunting within municipal

boundaries where discharge of firearms is prohibited;

(E) Hunters on federal or state public hunting areas and during managed hunts where deer hunting is restricted to archery or crossbow methods; and

(F) Hunters of small game and/or furbearers during the muzzleloader portion.

(8) Hunters who kill or injure a deer must make a reasonable effort to retrieve and tag it, but this does not authorize trespass.

(9) Hunters who take a deer shall void their permit immediately by notching the month and date of harvest. The voided permit shall be attached to the deer. Deer may be possessed and transported only by the taker until reported through the Telecheck Harvest Reporting System. All deer taken shall be accurately reported through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken by the taker or in the taker's immediate presence. The Telecheck confirmation number shall be recorded immediately on the deer hunting permit as indicated on the permit. The deer shall remain intact or as a field-dressed carcass until the deer is reported through the Telecheck Harvest Reporting System. All deer shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state.

(10) Deer (or parts thereof) reported in accordance with established procedures, when labeled with the full name, address, and confirmation number of the taker, may be possessed, transported, and stored by anyone. Commercially processed deer meat may be donated to not-for-profit charitable organizations under guidelines established by the director.

3 CSR 10-7.432 Deer: Archery Hunting Season

(1) The archery deer hunting season is September 15 through January 15,

excluding the November portion of the firearms deer hunting season. Use archery methods only; firearms may not be possessed with the following exceptions (Firearms possessed under these exceptions may not be used to take wildlife while archery hunting. Proof of this exception must be carried while hunting.):

(A) Any person who has been issued a concealed carry endorsement on a driver license or non-driver license and such endorsement or license has not been suspended, revoked, canceled, or denied may carry concealed firearms on or about his/her person while hunting; and

(B) Any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement Officers Safety Act (18 USC 926B or 18 USC 926C) may carry concealed firearms on or about his/her person while hunting.

(2) Archery Deer Hunting Permits.

(A) Resident or Nonresident Archer's Hunting Permit. Valid for two (2) deer statewide, except that only one (1) antlered deer may be taken prior to the November portion of the firearms deer hunting season.

(B) Resident or Nonresident Archery Antlerless Deer Hunting Permit. Valid for one (1) antlerless deer in any open county. Persons may purchase and fill any number of these permits, where valid. A Nonresident Archer's Hunting Permit must be purchased before purchasing Nonresident Archery Antlerless Deer Hunting Permits.

3 CSR 10-7.433 Deer: Firearms Hunting Season

(1) The firearms deer hunting season is comprised of six (6) portions.

(A) Urban zones portion: October 7 through 10, 2011; use any legal deer hunting method to take antlerless deer in open zones.

(B) Youth portions: November 5 and 6, 2011 and January 7 and 8, 2012; for persons at least six (6) but not older than fifteen (15) years of age; use any legal deer hunting method to take one (1) deer statewide during the November 5 and 6, 2011 portion; use any legal deer hunting method to take deer statewide during the January 7 and 8, 2012 portion.

(C) November portion: November 12 through 22, 2011; use any legal deer hunting method to take deer statewide.

(D) Muzzleloader portion: December 17 through 27, 2011; use muzzleloader methods to take deer statewide.

(E) Antlerless portion: November 23 through December 4, 2011; use any legal deer hunting method to take antlerless deer in open counties.

(2) Firearms Deer Hunting Permits.

(A) Resident or Nonresident Firearms Any-Deer Hunting Permit: valid for one (1) deer statewide, except that only antlerless deer may be taken during the urban zones and antlerless portions of the season.

Wildlife Code of Missouri—Deer & Turkey Hunting Regulations (continued)

(B) Resident or Nonresident Firearms Antlerless Deer Hunting Permit: valid for one (1) antlerless deer in any open county. Persons may purchase any number of these permits and fill them where valid. A Nonresident Firearms Any-Deer Hunting Permit must be purchased before purchasing Nonresident Firearms Antlerless Deer Hunting Permits.

(3) A person may take only one (1) antlered deer during the firearms deer hunting season. Deer taken at managed deer hunts are not included in this limit.

(4) Other wildlife may be hunted during the firearms deer hunting season with the following restrictions:

(A) During the November portion statewide and the antlerless portion in open counties, other wildlife may be hunted only with pistol, revolver, or rifle firing a .22 caliber or smaller rimfire cartridge, or a shotgun and shot not larger than No. 4; except that waterfowl hunters, trappers, landowners on their land or lessees on land upon which they reside may use other methods as specified in 3 CSR 10-7.410(1)(G).

(B) Furbearers may be hunted using any legal deer hunting method during established furbearer hunting seasons by persons holding an unfilled Firearms Deer Hunting Permit. and:

1. A Resident Small Game Hunting Permit; or

2. A Nonresident Furbearer Hunting and Trapping Permit.

(C) Furbearers may not be chased, pursued, or taken with the aid of dogs during daylight hours from November 1 through the end of the November portion statewide and the antlerless portion in open counties.

(D) Squirrels and rabbits may not be chased, pursued, or taken with the aid of dogs during daylight hours of the November portion in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon, and Wayne counties.

(5) Feral hogs, defined as any hog, including Russian and European wild boar, not conspicuously identified by ear tags or other forms of identification and roaming freely on public or private lands without the landowner's permission (refer to section 270.400 of *Missouri Revised Statutes*), may be taken in any number during the firearms deer hunting season as follows:

(A) Hunters must possess a valid small game hunting or unfilled firearms deer hunting permit and abide by the methods of pursuit allowed for deer as well as any other restrictions that may apply on specific public areas.

(B) During the November portion statewide and the antlerless portion in open counties:

1. Firearms deer permittees may only use methods allowed for deer.

2. Small game permittees may only use pistol, revolver, or rifle firing a .22 caliber or smaller rimfire cartridge, or a shotgun with shot not larger than No. 4.

3. Dogs may not be used.

(C) During the youth and muzzleloader portions statewide and the urban zones portion in open counties:

1. Deer permittees may only use methods allowed for deer.

2. Small game permittees may only use methods allowed for small game.

(D) Resident landowners and lessees on qualifying land are not required to have any permit and may use any method to take feral hogs throughout the year.

3 CSR 10-7.434 Deer: Landowner Privileges

(1) Resident landowners and lessees as outlined in the *Fall Deer & Turkey Regulations and Information* booklet can obtain no-cost deer hunting permits from any permit vendor.

(A) Those with five (5) or more continuous acres can each receive one (1) Resident Landowner Firearms Any-Deer Hunting Permit, one (1) Resident Landowner Archer's Hunting Permit, and, if property is in a county in which Archery Antlerless Deer Hunting Permits can be used, two (2) Resident Landowner Archery Antlerless Deer Hunting Permits.

(B) In addition to the permits listed in subsection (1)(A), those with seventy-five (75) or more acres located in a single county or at least seventy-five (75) continuous acres bisected by a county boundary can receive a maximum of two

(2) Resident Landowner Firearms Antlerless Deer Hunting Permits. Landowners with at least seventy-five (75) acres in more than one county must comply with landowner antlerless deer limits for each county.

(2) All landowner deer hunting permits are valid only on qualifying property.

(3) All landowners and lessees who take deer on landowner permits may also purchase and fill other deer hunting permits but must abide by seasons, limits, and restrictions. A landowner or lessee may take only one (1) antlered deer during the firearms deer hunting season. A landowner or lessee may take only two (2) antlered deer during the archery deer hunting season except that only one (1) antlered deer may be taken prior to the November portion of the firearms deer hunting season.

(4) Persons defined as landowners include:

- (A) General partners of partnerships;
- (B) Officers of resident or foreign corporations;
- (C) Officers or managing members of resident limited liability companies; and
- (D) Officers of benevolent associations organized pursuant to Chapter 352 of the Revised Statutes of Missouri.

3 CSR 10-7.435 Deer: Special Harvest Provisions

(1) Only antlerless deer and antlered deer with at least one (1) antler having at least four (4) antler points may be taken in the counties of Adair, Andrew, Atchison, Audrain, Barton, Bates, Benton, Boone, Buchanan, Caldwell, Callaway, Camden, Carroll, the portion of Cass County not included in the Kansas City urban zone, Cedar, Chariton, Clark, Clinton, Cole, Cooper, Daviess, DeKalb, the portion of Franklin County not included in the St. Louis urban zone, Gasconade, Gentry, Grundy, Harrison, Henry, Hickory, Holt, Howard, the portion of Jefferson County not included in

the St. Louis urban zone, Johnson, Knox, Lafayette, Lewis, Lincoln, Linn, Livingston, Macon, Maries, Marion, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Nodaway, Osage, Pettis, Phelps, Pike, the portion of Platte County not included in the Kansas City urban zone, Pulaski, Putnam, Ralls, Randolph, Ray, Saline, Schuyler, Scotland, Shelby, St. Clair, Ste. Genevieve, Sullivan, Vernon, Warren, and Worth. No other antlered deer may be taken.

(A) An antler point is at least one inch (1") long from base to tip.

(B) The end of the main beam is a point.

(2) These special provisions apply to all deer hunting seasons and permittees, except during the youth portions of the firearms deer hunting season.

3 CSR 10-7.436 Deer: Managed Hunts

Additional deer may be taken at special managed deer hunts established annually by the department.

A person may apply for and participate in only one (1) managed deer hunt during a permit year except that persons permanently confined to a wheelchair may participate in more than one (1) hunt. Persons selected to participate must purchase a Resident or Nonresident Managed Deer Hunting Permit and abide by rules established for the hunt.

3 CSR 10-7.437 Deer: Antlerless Deer Hunting Permit Availability

(1) Archery Deer Hunting Season.

(A) Resident and Nonresident Archery Antlerless Deer Hunting Permits are not valid in the counties of: Butler, Carter, Dunklin, Iron, Mississippi, New Madrid, Pemiscot, Reynolds, Scott and Stoddard.

(2) Firearms Deer Hunting Season.

(A) Resident and Nonresident Firearms Antlerless Deer Hunting Permits are not valid in the counties of: Bollinger, Butler, Cape Girardeau, Carter, Dunklin, Iron,

Madison, Mississippi, New Madrid, Pemiscot, Reynolds, Scott, Stoddard, and Wayne except that resident landowners and lessees with seventy five (75) or more acres can each receive one (1) Resident Landowner Firearms Antlerless Deer Hunting Permit.

(B) Only one (1) Resident or Nonresident Firearms Antlerless Deer Hunting Permit per person may be filled in the counties of: Barry, Barton, the portion of Christian County not included in the Springfield urban zone, Crawford, Dade, Dent, Douglas, the portion of Franklin County not included in the St. Louis urban zone, Jasper, the portion of Jefferson County not included in the St. Louis urban zone, Lawrence, Maries, McDonald, Newton, Ozark, Perry, Phelps, Polk, Pulaski, Ripley, Shannon, St. Francois, Ste. Genevieve, Stone, Taney, Texas, Washington, Webster, and Wright.

(C) Any number of Resident or Nonresident Firearms Antlerless Deer Hunting Permits may be filled in the counties of: Adair, Andrew, Atchison, Audrain, Bates, Benton, Boone, Buchanan, Caldwell, Callaway, Camden, Carroll, Cass, Cedar, Chariton, the portion of Christian County included in the Springfield urban zone, Clark, Clay, Clinton, Cole, Cooper, Dallas, Daviess, DeKalb,

Wildlife Code of Missouri—Deer & Turkey Hunting Regulations (con

the portion of Franklin County included in the St. Louis urban zone, Gasconade, Gentry, Greene, Grundy, Harrison, Henry, Hickory, Holt, Howard, Howell, Jackson, the portion of Jefferson County included in the St. Louis urban zone, Johnson, Knox, Laclede, Lafayette, Lewis, Lincoln, Linn, Livingston, Macon, Marion, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Nodaway, Oregon, Osage, Pettis, Pike, Platte, Putnam, Ralls, Randolph, Ray, St. Charles, St. Clair, St. Louis, Saline, Schuyler, Scotland, Shelby, Sullivan, Vernon, Warren, and Worth.

3 CSR 10-7.438 Deer: Regulations for Department Areas

Deer may be hunted on lands owned or leased by the department and on lands managed by the department under cooperative agreement as authorized in the current Fall Deer & Turkey Hunting Regulations and Information booklet, published annually in August. This publication is incorporated by reference. A copy of this booklet is published by and can be obtained from the Missouri Department of Conservation, PO Box 180, Jefferson

City, MO 65102-0180. It is also available online at www.missouriconservation.org. This rule does not incorporate any subsequent amendments or additions.

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits

(1) Turkeys may be pursued, taken, killed, possessed or transported only as permitted in this rule.

(A) Spring Season. Spring season annually will begin on the third Monday in April. A person possessing the prescribed turkey hunting permit may take turkeys according to the season length and bag limit established annually by the Conservation Commission. Turkeys may be taken only by shotgun with shot no larger than No. 4, or bow, without the use of dogs, bait, electronic calls or live decoys, from one-half (1/2) hour before sunrise to 1:00 p.m. Central Daylight Time (CDT). Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(B) Fall Firearms Season. Fall season annually will be October 1 through October 31. A person possessing the prescribed turkey hunting permit may take two (2) turkeys of either sex during the season. Turkeys may be taken only by shotgun with shot no larger than No. 4, or bow; without the use of dogs, bait, electronic calls or live decoys; from one-half (1/2) hour before sunrise to sunset in all counties except: Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot and Scott. Possession of electronic calls, or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys. A person, while in the act of pursuing or hunting turkey on a fall firearms permit, shall not have both a firearm and bow on his/her person with the following exceptions (Firearms possessed under these exceptions may not be used to take wildlife while hunting with a bow. Proof of

this exception must be carried while hunting.):

1. Any person who has been issued a concealed carry endorsement on a driver license or non-driver license and such endorsement or license has not been suspended, revoked, canceled, or denied may carry concealed firearms on or about his/her person while hunting; and
2. Any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement Officers Safety Act (18 USC 296B or 18 USC 296C) may carry concealed firearms on or about his/her person while hunting.

(C) Fall Archery Season. A person possessing the prescribed archer's hunting permit may take two (2) turkeys of either sex from September 15 through January 15, excluding the dates of the November portion of the firearms deer season. Turkeys may be taken only by bows; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. An archer, while in the act of pursuing or hunting turkey on an archer's permit, shall not have a firearm on his/her person with the following exceptions (Firearms possessed under these exceptions may not be used to take wildlife while hunting with a bow. Proof of this exception must be carried while hunting.):

1. Any person who has been issued a concealed carry endorsement on a driver license or non-driver license and such endorsement or license has not been suspended, revoked, canceled, or denied may carry concealed firearms on or about his/her person while hunting; and
2. Any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement

Officers Safety Act (18 USC 296B or 18 USC 296C) may carry concealed firearms on or about his/her person while hunting. Possession of electronic calls is prohibited while hunting turkeys.

(D) Youth Spring Season. The two (2)-day youth spring season will begin annually on the Saturday nine (9) days prior to the Monday opening of the spring season, except that when the youth season would overlap with Easter weekend the season will open on the Saturday prior to Easter weekend. Any person possessing the prescribed turkey hunting permit and who is at least six (6) but not older than fifteen (15) years of age on the opening day of the youth spring season may take only one (1) male turkey or turkey with visible beard during the youth spring season. A turkey harvested during the youth spring season will count towards an individual's spring season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird during the first week of the spring season. Turkeys may be taken only by shotgun with shot no larger than No. 4, or bow, without the use of dogs, bait, electronic calls or live decoys, from one-half (1/2) hour before sunrise to sunset. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(2) Hunters who take a turkey shall void their permit immediately by notching the month and date of harvest. The voided permit shall be attached to the turkey. Turkeys may be possessed and transported only by the taker until reported through the Telecheck Harvest Reporting System. All turkeys taken shall be accurately reported through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken by the taker or in the taker's immediate presence. The Telecheck confirmation number shall be recorded immediately on the turkey hunting

permit as indicated on the permit. The head and plumage of the turkey shall remain intact until the turkey is reported through the Telecheck Harvest Reporting System. All turkeys shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state.

(3) Bait shall mean grain or other feed placed or scattered so as to constitute an attraction or enticement to turkeys. An area shall be considered baited for ten (10) days following complete removal of the bait.

(4) Each permit holder hunting with a shotgun shall first affix an approved safety sticker to the receiver of his/her gun where it will be in his/her line of sight when shooting, and maintain the sticker on the gun when hunting.

(5) A resident landowner or lessee as defined in 3 CSR 10-20.805, possessing a landowner turkey hunting permit, may take and possess turkeys in accordance with this rule on his/her land or, in the case of the lessee, on the land on which s/he resides and shall report the turkeys through the Telecheck Harvest Reporting System as required in this rule.

(6) Any person who kills or injures any wild turkey shall make a reasonable effort to retrieve the turkey and include it in his/her season limit.

(7) Turkeys (or parts thereof) reported in accordance with established procedures, when labeled with the full name, address, and confirmation number of the taker, may be possessed, transported, given away, and stored by anyone.

(8) In accordance with section 270.400, RSMo feral hogs (any hog, including Russian and European wild boar, that is not conspicuously identified by ear tags or other forms of identification and is roaming freely upon public or private lands without the landowner's permission) may be taken in any number during the spring firearms turkey season and youth spring season only by the holder of a valid, unused turkey hunting permit; and only by methods and times prescribed for taking turkeys. During the fall firearms turkey season, feral hogs may be taken only by the holder of a valid, unused turkey hunting permit or a small game hunting permit; and only by methods prescribed in Chapter 7 for taking wildlife, and without the use of bait. Other restrictions may apply on public lands. Resident landowners or lessees as defined in this Code may take feral hogs on their own property at any time, by any method and without permit.

Deer and Turkey Hunting Regulations on Areas Managed or Owned by the Conservation Department

Deer and turkey hunting is only allowed on Department areas that are listed in the chart. If an area that is owned or managed by the Conservation Department is not listed, deer and turkey hunting is not allowed, except during managed hunts. For hunting opportunities on public land that is not owned or managed by the Conservation Department, contact the appropriate agency.

The six different deer hunting options are designed to limit doe harvest at various levels and provide different types of hunting. Check the chart below to find the type of hunt you prefer.

The two turkey hunting options provide firearms hunters and archers places to hunt using their preferred method.

For maps and more details of areas listed on the following pages, contact the regional office or go to mdc.mo.gov/atlas.

Regulation key for chart (pages 36–44)

Deer

1. Statewide deer seasons and limits apply.
2. Only archery methods may be used. Deer hunting with firearms is prohibited. All other statewide deer seasons and limits apply.
3. Only archery and muzzleloading methods may be used. All other statewide deer seasons and limits apply.
4. Archery and firearms deer hunting is permitted for antlered or antlerless deer on the following permits only: Archer's Hunting Permit and Firearms Any-Deer Hunting Permit. No archery antlerless or firearm antlerless permits may be used. All other statewide seasons and limits apply.
5. Antlered or antlerless deer may be taken on an Archer's Hunting Permit. Only antlered deer may be taken during the youth, November, and muzzleloader portions of the firearms deer season with a Firearms Any-Deer Hunting Permit. No archery antlerless or firearm antlerless permits may be used. Closed to firearms deer hunting during the urban zones and antlerless portions. All other statewide deer seasons and limits apply.
6. Archery and firearms deer hunting is permitted for antlered or antlerless deer on the following permits only: Archer's Hunting Permit and Firearms Any-Deer Permit. No archery antlerless or firearms antlerless permits may be used. Closed to firearms deer hunting during the urban zones and antlerless portions. All other statewide deer seasons and limits apply.

Turkey

7. Statewide turkey seasons and limits apply. See pages 9–10 for methods and limits.
8. Only archery methods may be used to take turkeys. All other statewide turkey season and limits apply.

Mentoring option available for apprentice hunters

Would you like to share those beautiful fall mornings in the woods with a good friend or a spouse who has never hunted before? You know they would love it, but you can't get them to invest the time to take the hunter-education course.

To help introduce adults to hunting, the Conservation Department allows hunters age 16 and older who are not hunter-education certified to hunt with firearms, as long as they:

- first purchase the Apprentice Hunter Authorization for \$10;
- then purchase a firearms hunting permit for the season they want to hunt, for example a Firearms Any-Deer Hunting Permit;
- hunt in the immediate presence of a properly licensed hunter 18 years old or older who is hunter-education certified or was born before Jan. 1, 1967. The mentor must have a filled or unfilled permit for the prescribed season.

Note: The Apprentice Hunter Authorization allows the holder to purchase firearms permits throughout the permit

The Apprentice Hunter Authorization provides another opportunity for qualified experienced hunters to share their knowledge of the outdoors with novice hunters.

year, and it can be purchased for two permit years. After the second year, the apprentice hunter will be required to become hunter-education certified if he or she wants to continue hunting on any firearms permit.

Missouri is a leader in hunter recruitment, and the Apprentice Hunter

Authorization is just one more tool to help you share your hunting knowledge and tradition with your friends and family. Before next year's fall deer and turkey season, encourage your apprentices to attend a hunter-education class or take the online course. Information is available at mdc.mo.gov/8821.

Hunter ethics and safety

According to the National Safety Council, hunting is a safe activity. In fact, hunting results in fewer injuries per 100,000 participants than do many other sports, including cycling, bowling, golf and tennis. However, as with any activity, you must always use good judgment and take responsibility for your actions. Deer and turkey hunters should follow safe, ethical hunting practices. These include:

- ▶ Be sure of your target and beyond before you shoot.
- ▶ Make sure your equipment is in good working condition and your firearm is properly sighted in.
- ▶ If you hunt from a tree stand, always wear a safety harness. Serious accidents occur annually when hunters fall from tree stands.
- ▶ If you hunt on private land, be sure to obtain permission from the landowner and respect his or her property as if it were your own. Scout the area you plan to hunt so you know where the boundaries, houses, roads, fences and livestock are located on the property.
- ▶ If you do not kill your deer or turkey instantly, make every effort to find the wounded animal. Permission is required to enter private land.
- ▶ Clean and care for your game properly.
- ▶ Pick up all litter including spent ammunition. Leaving an area better than the way you found it is a sign of thanks for the privilege of hunting.
- ▶ Report observed violations of the law to a conservation agent or local sheriff as soon as possible.
- ▶ If you are involved in a firearms-related accident, the law requires that you identify yourself and render assistance; failure to do so is a Class 'A' misdemeanor.
- ▶ Develop your skills and knowledge, and share them with others.
- ▶ Know and obey all wildlife laws.
- ▶ Know and follow the rules of gun safety.
- ▶ Respect the rights of hunters, nonhunters and landowners.
- ▶ Make every effort to retrieve and use all game.
- ▶ Respect the land and all wildlife.
- ▶ Be sensitive to others when displaying harvested game.
- ▶ Remember, hunting is not a competitive sport.

Help catch wildlife violators

Each year, conservation agents spend time tracking down poachers who disregard regulations protecting wildlife. Here are some of the illegal activities that agents dealt with last year:

- ▶ hunting from the road
- ▶ disposing of carcasses and other body parts in streams, rivers, ponds and lakes
- ▶ harvesting a deer or turkey and putting someone else's transportation tag on it
- ▶ using a spotlight to harvest deer or turkeys

If you see someone involved in these or any illegal activities, call **Operation Game Thief toll-free 1-800-392-1111**. Program the number into your cell phone so you can act fast.

OPERATION GAME THIEF

Remain Anonymous

Reward Possible

Dial toll-free

1-800-392-1111

Rewards are available for information leading to the arrest of game-law violators. Information can be provided anonymously by dialing the toll-free hotline number. All information is kept in strict confidence.

If you see a possible poaching violation in progress, immediately call your conservation agent, sheriff or the toll-free hotline number. Help put game thieves out of business.

Sponsored by the Conservation Federation of Missouri and the Missouri Department of Conservation.

Share the Harvest

The Share the Harvest program in Missouri provides a way for deer hunters to donate venison to the needy. This program is administered by the Conservation Federation of Missouri and the Missouri Department of Conservation.

During the 2010 deer seasons, 5,731 hunters donated 305,643 pounds of venison.

Donating is easy. Hunters who want to participate simply take their deer to an approved meat processor (listed below)

County	Company Name	City	Work Phone

and let the processor know how much venison they wish to donate. The processor will package the meat, which will be picked up by the local sponsoring organization and taken to a participating charitable agency for distribution.

The cost of processing the deer is the responsibility of the hunter. There are, however, funds available to help with processing cost when a whole deer is donated. The entire processing cost is paid by the Conservation Federation of Missouri and local sponsors during the urban zones portion of the firearms season for whole deer donations. Call your regional Department office for a list of participating

processors. During all other portions and seasons, the Conservation Federation of Missouri administers a state-wide program that directly reimburses the processor a pre-determined amount for each whole deer donated. That allows the processor to reduce the processing fee to the hunter at the time of donation. In addition, many processors have local money available that allows the deer to be donated free or at greatly reduced cost. **Be sure to contact individual processors to determine what funds are available at that particular location.**

*Sunrise and sunset from Sept. 1 to Nov. 5 have been converted to daylight saving time.

Resident and nonresident deer harvests

Some Missouri resident deer hunters have the mistaken notion that nonresident deer hunters outnumber the residents. In reality, nonresident hunters are a small minority.

For example, last year 919,595 firearms deer hunting permits were issued. Of those, 891,807, or 97 percent, were purchased by Missouri residents.

What about deer harvest? Of the 229,736 deer taken during the firearms deer season, 218,656, or 95 percent,

were taken by resident hunters. The same is true for the archery season; 93 percent of the deer taken last year were taken by Missouri residents.

At managed hunts, Missouri residents made up 99 percent of participants.

We should remember that many nonresident hunters are former residents who return to Missouri to hunt with family and friends. We welcome all responsible and ethical hunters.

ENJOY MORE TIME HERE

Ever have a lost or forgotten permit spoil your hunting plans? Not anymore. The Conservation Department's new e-Permits System lets you buy online, print your permit at home, and have it in hand immediately. You can even reprint the permit if you lose or damage it.

Find out how to use and enjoy e-Permits at **mdc.mo.gov/epermits**
Then head to your favorite hunting spot!

Not comfortable with online purchases? You can still buy your fishing, hunting and trapping permits by phone, at any MDC office or your usual vendor.
